AYISHA MAJEED  
COLLEGE OF PHARMACY

## About us

Ayisha Majeed College of Pharmacy was established in the year 1985 to impart training in the field of Pharmacy Education under the initiative and leadership of Dr. P.V. Majeed the Veteran Educationalist and Industrialist. He is the Founder and Present Chairman of the Managing Committee. The objective of the Trust is the advancement of the student community so as to groom them up into capable individuals to face the challenges of the fast developing technical, commercial & health care sectors.

The College offers D.Pharm Course of two year duration. The Course is recognized by the Government of Kerala, The Pharmacy Council of India.

The College is one among the best Pharmacy Colleges in Kerala having all the required facilities including spacious library, with large number of books, well-equipped laboratories and an efficient teaching faculty. The academic standard maintained by the college, is one among the best in Kerala, having achieved excellent results in the past examinations securing numerous distinctions.

The college is situated at Vayvakkavu in Kollam District on the National Highway, located between Kayamkulam and Karunagappally. It is situated at a distance of about 9 Kms from Kayamkulam and about 5 Kms from Karunagappally.

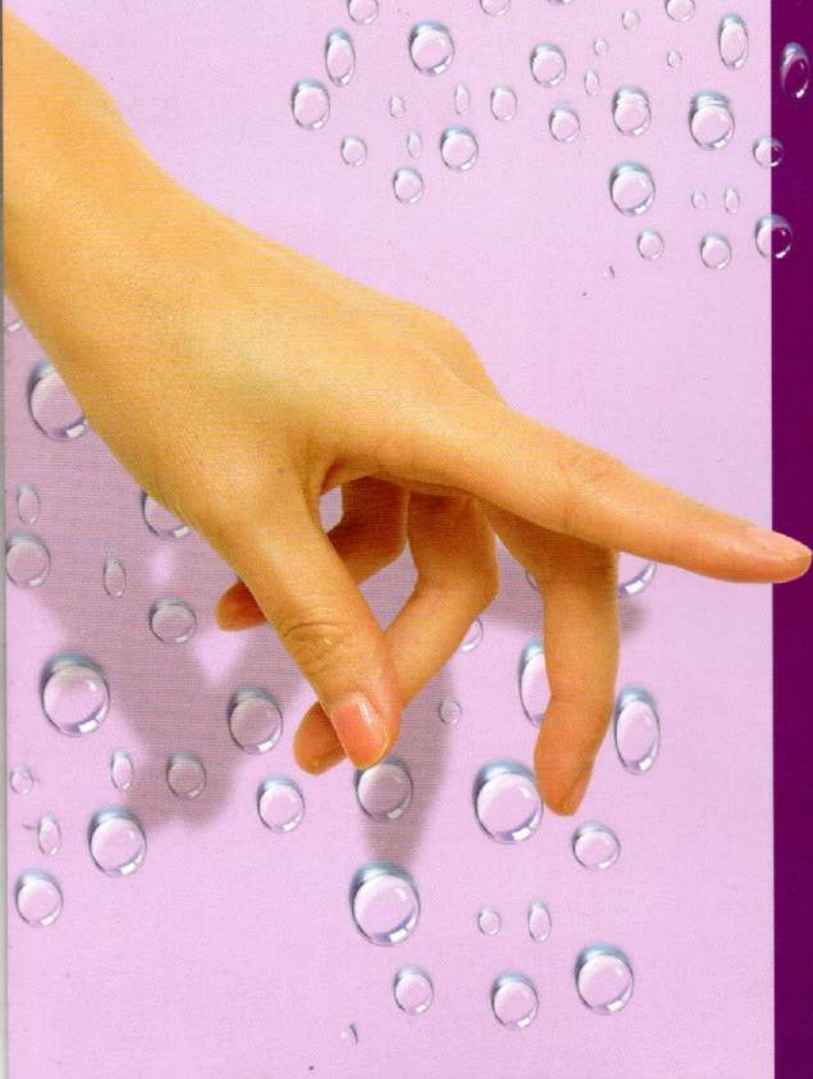

The Diploma in Pharmacy course is being conducted in accordance with the Education Regulations 1991 framed by the Pharmacy Council of India.

## Vision

"To impart theoretical and practical knowledge in Pharma Sciences so that those who come out from the institution will have the exact mind set up for rational thinking and scientific innovations".

## Mission

"Ayisha Majeed College of Pharmacy will strive hard to become a centre of excellence in Pharmaceutical Education and Research and will be Indian leader to mould the students in the field of pharmaceutical sciences and pharmacy practice with the mission of strengthening the health care of the country".

**D**ear Students,

I have great privilege to invite all of you to our esteemed institution, Ayisha Majeed College of Pharmacy. Unemployment for the well educated youth is the burning issue of the younger generation. There are a good number of professional colleges in Kerala. The students are opting their career according to their taste and interest. Unfortunately the present scenario is very grave that a good number of Engineers, Para-medical Professionals are not employed even after years of completion of their studies. I am proud to say that no student who had passed out Diploma in Pharmacy Examination is left unemployed as on today. Request calls for employment are pending with our placement cell for Pharmacist.

It all began 1985, when I first started Ayisha Majeed College of Pharmacy in a tiny village Vavvakkavu near Karunagappally. Lot of people then asked me whether a professional college would succeed in the remote village. Some even asked me, how could an individual run such as an institution. And the time proved that my decision was right and the student was all over Kerala came to this tiny village for the study of D.Pharm course. I am proud to state that there are 5400 students, who have passed out from Ayisha Majeed College of Pharmacy from the last 30 years. 50% of the above Pharmacist's are working in abroad. If each Pharmacist's can save and send a minimum of Rs. 20,000/- per month to India from aboard, there will be a foreign exchange remittance of Rs. 64 Crore per month to India and a cumulative remittance of Rs. 1,000/- Crores for an average of 15 years.

The above statistics speaks loud for the achievement made by my humble initiative made at Vavvakkavu years back. Our trust has also established Doctor-M Institute of Science and Technology and IGNOU Doctor-M Community College in adjacent campus for running various vocational courses and UG and PG Courses affiliated to various UGC accredited Universities, including University of Kerala.

I whole heartily invite all of you to our esteemed institutions.

**Dr.P.V Majeed**.B.Sc, MBBS, M.B.A  
(Founder and Present Chairman)

# Principal Speaks

The college has completed illustrious 30 years under the dynamic leadership of our chairman DR.P.V.MAJEED. During these 30 years, we have made concentrated efforts to develop this college into an excellent centre.

Choosing where to continue your education is a major decision and I believe that our College will be a choice you will not regret, especially if you are ambitious and determined to succeed. We are committed to focus on the needs of each individual student and aim to nurture each student and ensure their journey at AYISHA MAJEED COLLEGE OF PHARMACY is a successful and life-enhancing experience.

I am pleased that you are thinking about joining Ayisha Majeed College of Pharmacy to continue your studies at our College is a diverse and friendly learning community, where students progress well in their studies and we are very proud of their achievements. The college has consistently been within the top of all Diploma Pharmacy colleges in Kerala, and our students achieved a best pass rate and continued increase year on year. Our student Ms.Sanooja Mohammed Ali was the 1st rank holder in the state of Kerala for the Diploma Pharmacy course during the last year.

When you join us, we will invest time in you! We will give you all the support and encouragement you need to achieve the success you deserve and to create the future you want for yourself. We pride ourselves on the quality of teaching and other facilities provided

We welcome with warmly and sincerely to joint the student's community of Ayisha Majeed College of Pharmacy.

We assure that your time here will be challenging and enjoyable. Exciting times are ahead of us and I hope you too choose to be a part of our continuing success.

With best regards,

**S.SHAFEEK.** M Pharm,MBA

## The Faculties of Ayisha Majeed College of Pharmacy (AMCP)

The institution is blessed with eminent and experienced group of faculties. The distinct feature of Ayisha Majeed College of Pharmacy, from the other pharmacy colleges in Kerala is the availability of teaching faculty, who are having continuous track record of working with Ayisha Majeed College of Pharmacy for more than 10 years.

## Pharmacy Education in India

Pharmacy courses in India are among the most popular courses. The study of pharmacy involves health sciences and chemical sciences and pharmacists are pharmaceutical experts and primary health professionals. Pharmacy education and profession in India is regulated by the Pharmacy Council of India (PCI). It is a statutory body formed under the provisions of Pharmacy Act 1948.

### Responsibilities of PCI

- 1.The Pharmacy council of India regulates the practice of pharmacy in India
- 2.PCI prescribes standards required for pharmacist to practice in India.
- 3.It frames educational regulations for institutions providing pharmacy education.
- 4.It approves the course of study and examination for pharmacists.
- 5.PCI maintains a central register of pharmacists.
- 6.It ensures uniform standard of pharmacy education in the country.

## About D.Pharm

### What is Pharmacy?

Students often have questions about what "pharmacy" really is. Before applying to a pharmacy programme, it is a good idea you have an understanding about what you are about to undertake. The following section is meant to provide an overview of the profession and provide answers to some of the common questions about studying and practicing pharmacy in India.

### So what is pharmacy?

Pharmacy is a profession and field of the health sciences that is charged with the provision of ensuring safe and effective use of medications by the public. Traditionally pharmacy and the role of the pharmacist have included the compounding and dispensing of medications, however, more recently pharmacists are playing an increasing role in providing patient care and services including medication review, clinical practice, and drug information. They are responsible for communicating this knowledge to their patients, as well as other health care professionals as a member of an interdisciplinary team. Pharmacists are able to assess and determine if the drug therapy will be necessary, safe, and effective in an individual patient, while working as a part of a health care team to ensure this is realized.

Hence, pharmacy is much more than a field of study. It is a career which allows you to use your extensive knowledge of medications in order to improve the patient's drug therapy outcomes and enhance their quality of life. Rewarding, isn't it?

## D.Pharm @ AMCP

Diploma in Pharmacy, popularly known as D. Pharm, is a two-year undergraduate diploma course offered by pharmacy colleges in India. The course is the minimum qualification to become a registered pharmacist in the country. Candidates having passed 10+2 exam or equivalent examination with Physics, Chemistry, Maths or Biology can eligible to pursue D. Pharm.

D.Pharm doesn't provide specialization to choose from; only the basic concepts of pharmaceutical science are taught in this course. After successfully completing two years of D. Pharm and after registering with Pharmacy Council of India (PCI) or the state Pharmacy Council, one can set up his/her own pharmacy/chemist, in order to stock and sell medicines and dispense them according to a registered medical practitioner's prescription. The main job opportunities for D.Pharm holders are to become a Pharmacist in Government sector, both state and central, private hospitals, medical stores, drug department in India and abroad. One can also become medical representative after pursuing the course.

As on today there are 32 D.Pharm colleges in Kerala in both government and private sector. Ayisha Majeed College of Pharmacy is one of the few Pharmacy Colleges in Kerala having 30 years of working experience.

## Eligibility for Admission

Any candidate with a pass in any of the following examinations with physics, Chemistry and Biology or Mathematics.

- I. Intermediate Examination in Science
- II. The first year of the three-year degree course in Science.
- III. 10+2/Equivalent examination (academic stream) in Science.

IV. Any other Qualification approved by the Pharmacy Council of India as equivalent to any of the above examinations.

For minority quota only Muslims are eligible. In the event of vacancy in Government seats and minority seats the same will be filled by the management, after the respective cut off dates by candidates irrespective of their religion or residential status.

## Duration of the Course

The duration of the course shall be for two academic years, with each academic year spread over a period of not less than one hundred and eighty working days in addition to 500 hours practical training spread over a period of not less than three months.
